

REQUEST FOR BOND RELEASE

Operator Name: _____ **Site Name:** _____

Permit/Amendment #s: _____ **County:** _____

Please Read. Submit this form for each partial or full bond release request. Check off, give a complete answer, or put "N/A" in each blank. An operator may request bond release on a site or area within a site at any time. Partial release is typically granted for completed grading and resoiling. Full release is granted for areas that were not disturbed or are totally reclaimed. Under ideal conditions, an area may be eligible for full bond release after one complete growing season for cropland and two complete growing seasons for perennial vegetation.

1. Partial bond release is requested on _____ acres for the following reasons: _____

2. Full bond release is requested on _____ acres for the following reasons: _____

3. A map dated _____ has been submitted that clearly and accurately shows the locations of the partial and/or full release request areas, constructed or improved access roads to remain open, mine material stockpile areas to remain open, and the shaped and seeded soil stockpiles placed next to each remaining mine material stockpile.

4. Date of seeding or planting for the release request area: _____

5. Owner of mine material stockpiles remaining within a full release request area: _____

6. ____ Check here if an amendment has been submitted to address changes in the approved Plan Of Operation, including: 1) additional constructed or improved access roads proposed to remain open, 2) additional mine material proposed to remain stockpiled, and 3) proposed additional mine material stockpile area.

7. Site checked by _____ (operator or employee personal name) on _____ (date) to verify that the area or site has been reclaimed and/or left according to the approved plan and is ready for the partial or full release requested.

8. Additional information: _____

Operator Signature: _____ **Title:** _____ **Date:** _____
